

2 In 1 Red Light Therapy Lotion

Features -

- Red Light Therapy Prep Lotion and Tanning Accelerator
- PH Stabilizers
- Skin-firming and anti-aging benefits
- Moisturizes and Revitalizes the skin
- Iced Cranberry Fragrance

Benefits -

- Prepares the skin for Red Light Therapy
- Blended with multiple accelerators that work to speed up the tanning process for fast, dark tanning results
- Renovage- firms, hydrates and plumps the skin, increases levels of collagen
- Matrixyl- targets and fills in fine lines and wrinkles
- pH Stabilizers help the skin to achieve optimal pH levels

Key Ingredients -

Renovage™ - Fights against all signs of aging: Functional - dehydration, age spots, ineffective barrier function. Structural - wrinkles, pores, erythrosis. Characteristics of Renovage™ include anti-aging and protective effect against stress, by telomere stabilization and DNA maintenance. Improvement of tissue quality by optimal cell interactions. Rebalances cell functions. Renovage™ improves the surface of the skin. Skin appears

Matrixyl™ - acts in synergy to restore and maintain skins youthful appearance. Peptides interact with specific receptors to activate certain genes involved in the process of extracellular matrix renewal and cell proliferation.

Other Ingredients -

- Acai Extract
- Goji Extract
- Pomegranate Extract
- Lychee Fruit Acid

STEP 1

Pre-Therapy Exfoliator

Features -

- Moisturizes and Softens the skin
- Nourishes the skin
- Fragrance Free with Lemon Essence

Benefits -

- Prepares the skin for Red Light Therapy and/or the other steps in the COLLAGENETICS™ skin care system
- Gently removes dead skin cells for instantly softer, smoother skin
- Deep cleans the pores for a refreshed appearance
- Helps the skin retain its natural moisture

Key Ingredients -

Hyaluronic Acid - Naturally existing in skin, it decreases as one ages which may result in developing wrinkles and fading elasticity. Because of its excellent moisture retention properties, it is believed Hyaluronic Acid creates protective film on the surface of the skin and helps improve freshness of the skin.

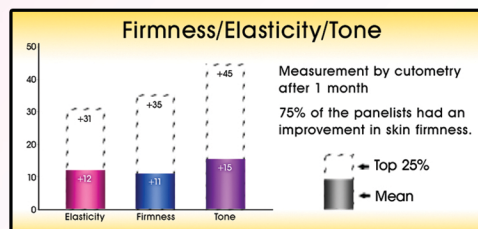

TABASHIREX - 100% natural exfoliator for cell renewal to skin brightness.

Other Ingredients -

- Grape Seed Extract
- Lemon Extract
- Pomegranate Extract
- Citric Acid

Developed to work with Red Light Therapy

Reduces the Appearance of Fine Lines, Wrinkles, Scars and Cellulite. Increase the Appearance of Young Healthy Looking Skin.

Pre-Therapy Preparation Spray

Features -

- pH Stabilizers
- Moisturizes and Revitalizes the skin
- Hypoallergenic
- Fragrance Free

Benefits -

- Prepares the skin for Red Light Therapy and/or the other steps in the COLLAGENETICS™ skin care system
- pH Stabilizers help the skin achieve optimal pH levels
- Revitalizes the skin for a fresh, rejuvenated appearance
- Helps the skin retain its natural moisture
- Hypoallergenic so it can be used by even those with sensitive skin

Key Ingredients -

Retinyl Palmitate - Contains particles that are small enough to penetrate deep into skin; allowing the ingredient to reach through the collagen and elastin.

Other Ingredients -

- Ginger Extract
- Citric Acid
- Vitamin A, E & C

Post-Therapy Serum

Features -

- Highest concentrated anti-aging serum
- 3% Renovage™ Concentration
- Noncomedogenic
- Hypoallergenic

Benefits -

- 3% Renovage™ concentration firms, tightens and plumps the skin
- Protects the skin against free radical damage
- Increases levels of collagen in the skin
- Nourishes the skin with exotic extracts such as Lychee, Goji, Pomegranate and Acai

Key Ingredients -

Renovage™ - Fights against all signs of aging: Functional - dehydration, age spots, ineffective barrier function. Structural - wrinkles, pores, erythrosis. Characteristics of Renovage™ include anti-aging and protective effect against stress, by telomere stabilization and DNA maintenance. Improvement of tissue quality by optimal cell interactions. Rebalances cell functions. Renovage™ improves the surface of the skin. Skin appears smoother, more uniform and looks younger.

Matrixyl™ - acts in synergy to restore and maintain skins youthful appearance. Peptides interact with specific receptors to activate certain genes involved in the process of extracellular matrix renewal and cell proliferation.

Syn®-Coll - based on a small peptide developed to reduce any type of wrinkles. Clinical trials have shown that Syn®-Coll is capable of reducing and changing the type and aspect of wrinkles that add years to your appearance. It stimulates the collagen synthesis in human fibroblasts.

Other Ingredients -

- Maitake Mushroom
- Acai Extract
- Goji Fruit
- Vitamin A, E & C
- Pomegranate
- Kiwi Extracts

STEP 4

Post-Therapy Lotion

Features -

- Moisturizes and Softens the skin
- Patent-Pending Anti-Aging Formula
- Noncomedogenic

Benefits -

- Protects the skin against free radical damage
- Hydrates and moisturizes the skin for an instantly softer, smoother feel
- Increases levels of collagen in the skin
- Nourishes the skin with exotic extracts such as Lychee, Goji, Pomegranate and Acai

Key Ingredients -

Matrixyl™ - acts in synergy to restore and maintain skins youthful appearance. Peptides interact with specific receptors to activate certain genes involved in the process of extracellular matrix renewal and cell proliferation.

Kollaren™ - is a biomimetic peptide derived from the hepatocyte growth factor. It increases the firmness of the skin by activating the extracellular matrix proteins synthesis such as collagen, elastin, fibronectin and laminin. Kollaren's™ tissue repair properties encourages tissue renewal and restores the biomechanical properties of the skin.

Aging, UV and pollution lead to degenerative changes in the skin, characterized by distinct alterations in the architecture of the extracellular matrix. Consequences include skin fragility, loss of firmness and elasticity and the appearance of fine lines and wrinkles.

Other Ingredients -

- Lychee Fruit
- Goji Fruit
- Retinyl Palmitate
- Ester-C
- Acai Extract
- Pine Bark Extract
- Pomegranate
